Following consideration of the importance of environmental and social sustainability and a commitment to be a benefit to the Negril community, Rockhouse Hotel is committed to achieve environmental and social sustainability.

Rockhouse is a 34-room boutique hotel located on Pristine Cove on West End Road, Negril, Jamaica. The hotel is nestled amongst eight acres of tropical lush gardens. It also has a pool, three restaurants and bars and private sun-bathing decks perched on the cliff's edge. Our Spa has a philosophy that is a simple, holistic approach to well-being, health and happiness.

The cliffs that the hotel sits on are precious to the region, as the pristine waters are one of the reasons for west-end's popularity. Close to the hotel are located a number of Jamaican schools and learning institutions.

Rockhouse commits to continually improve the environmental and social sustainability performance and annual Benchmarking. Rockhouse commits to the Negril Community through its support of the Rockhouse Foundation.

Rockhouse has implemented an Environmental Management System and will continue to meet the requirements of the Green Globe Company Standard.

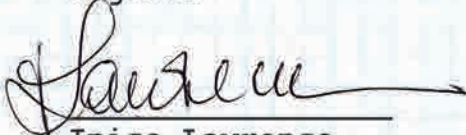

Rockhouse will comply with all relevant legislation and regulations, and strive to achieve international best practice.

We have appointed Ruel Rowe as the Green Globe Coordinator, who has the responsibility and skills for ensuring ongoing environmental performance, identification of environmental risks, recording and monitoring of impacts and implementing environmental and social sustainability measures.

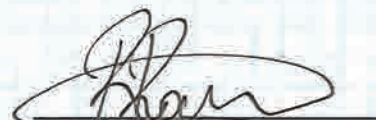

Special consideration will be given to employing and empowering local employees, and wherever possible, environmentally sustainable products and services will be sourced locally. Rockhouse commits to working closely with local schools and learning institutions as a key part of its Social Sustainability Program through the Rockhouse Foundation.

We encourage staff to present our commitment to environmental and social sustainability and our Benchmarked/Certified status under the Green Globe programme to our guests, suppliers, contractors, agents and wholesalers.

Inise Lawrence,
General Manager

Ruel Rowe,
Environmental Manager
